BIO-TAB®!

What is **BIO-TAB®**?

BIO-TAB® is a highly concentrated tablet of bacteria (both aerobic and anaerobic) and enzymes that acts as a biological activator for septic tanks. In short, **BIO-TAB®** helps septic systems work like they were intended.

Unlike most competitor's dusty powders or messy liquids, **BIO-TAB®** is in tablet form. Easy to use and easy to store, **BIO-TAB®** is highly concentrated (one jar contains a year's supply). It is a safe, non-toxic, non-corrosive and non-poisonous product that will not harm plumbing or septic systems.
