Sure you make money on all of your equipment, but nothing like the money you could make with a Terralift 2000.

Where else can one man take a 1,700 pound, \$38,000 piece of equipment and make up to \$2,500 in one half a day?

Why, in order to get the same return on your \$103,000 trackhoe, you would have to charge customers almost \$9,000 per day and \$6,500 per day for a \$75,000 pumper truck!
