## PORTABLE RESTROOM TRAILERS

### 2014 Restroom SR 30x10: \$45,900.

This is a BRAND-NEW 10-station executive restroom trailer. This trailer sits on our patented SoftRide air-ride suspension that cushions the ride while towing, thus preserving your investment for years to come. The most enticing feature is the GOLO feature that drops the trailer all the way to the ground at your events, giving it a modular appearance. No stairs needed as your first step will be directly into the trailer. This trailer is 100% aluminum. No steel is used which causes rust over time. We also built this trailer without using any wood. You won't need to worry about your wood rotting over time. Rust and wood rot are the 2 biggest complaints that restroom trailer operators have. We've eliminated that problem with our trailer.
