**Keep stuff cold. Keep stuff dry. Keep stuff safe.**

The Fatpack backpack was developed by hardcore outdoor enthusiasts looking for an affordable, rugged and versatile bag that could fulfill multiple needs. The Fatpack is a multi-purpose 3-in-1 bag that works equally well as a floating dry bag, a soft-sided day cooler or a protective backpack. The key is Blubber™ – sandwiched between two waterproof layers the padded ½-inch Blubber™ insulating layer keeps the Fatpack's innards safe, cool and dry. Fatpack floats, even when loaded, providing waterproof protection as a drybag. The insulation layer also provides cooler-like efficiency – keeping contents cold when combined with ice. Finally, the padded layer provides protection for expensive electronic gear like cameras, tablets and smartphones.
