Chassis 2007 Isuzu NRR Service Truck. 19,500lbs with a 132" wheelbase. Tank is Progress aluminum with 200-gallon fresh water capacity and 400-gallon waste capacity installed by FMI Portland in June of 2014 along with a Honda Direct Drive. Can haul 6 toilets: 4 with the lift gate up, 2 on the lift gate. This truck was a flatbed originally and we purchased, installed tank, liftgate, and hitch in 2014 for an event vehicle. We wanted an NRR for the larger breaks, wheels, and lower rear ratio to be able to pull trailers and still service up to 40 toilets on a smaller route. We are upgrading our fleet to newer models.
