2002 Mack CH600 with 4,000-gallon steel tank. We use this truck daily so miles will go up. Has approximately 734,000 miles. New Mack remanufactured motor at 650,000 miles. I just had a new transmission synchronizer and clutch installed this last spring. Spent about \$6,000. Absolutely nothing mechanically wrong this truck. AC blows cold, does not use or leak oil. Has a very strong NVE pump that works like it should. 8 out of 10 tires are like new. Has the Mack 18 speed transmission. Only reason for selling is we purchased smaller truck.
